# Belleville: The Friendly City

Loyalist College is located on a 212-acre beautifully wooded campus in the safe and friendly city of Belleville. Belleville has a population of approximately 45,000 and is situated along the scenic Bay of Quinte on Lake Ontario. A city rich in history, natural beauty and vitality, it is a desired retreat for those wanting to escape the hectic life of the big city.

Belleville is ideally located close to the major Canadian cities of Toronto, Ottawa, Montreal and Niagara Falls. We are also close to major American cities such as New York or Boston. Easy access to major highways, train and bus services make Loyalist College the perfect location for study.

## Residence

Students may choose to live in private housing (with other students or a family) in the Belleville community or they may enjoy living in our on-campus Residence Village. Our apartment-style residences offer accommodations for 476 students in a scenic country setting, just minutes from downtown Belleville.

Loyalist College residences are well equipped with coin-operated laundry facilities, bicycle sheds, picnic tables, outdoor barbecues and patios. We also have enthusiastic residence assistants and floor seniors to promote student interaction and create a positive living environment. Our priority is to ensure your residence experience is enjoyable and memorable.

## ***Tomi Fatungase***

*Practical Nursing Program*

*Nigeria*

It is amazing how much experience I have gained in my program. The professors are experienced professionals who really care. There is always an opportunity to achieve the best and I have learned so much by doing my placements in the local community. I love the college because everyone is so willing to help me be successful.

## ***Hye Jin Kim***

*Early Childhood Education*

*South Korea*

Loyalist College is a great place to improve my English in a typical Canadian town. Loyalist is a small college with a small international population, so the chances of speaking Korean are minimal. My professors really take the time to give me personal attention while I focus on my studies. As well, my classmates and peer tutors have helped me improve my English. I came to Canada alone, but I have gained many friends at Loyalist College.

## ***Koji Nonen***

*Civil Engineering Technician/Technology*

*Japan*

I have been fortunate to gain valuable work experience while attending Loyalist College. Not only have I had the opportunity to work on projects with my professor during the school year, but I also obtained an off-campus work permit, and worked for an engineering company in Belleville over the summer. I am getting a great education while gaining Canadian work experience. Loyalist College also has many transfer agreements with universities and when I graduate, I plan to transfer to a university to complete a degree.
